

Strive is a facilitated peer to peer workshop series.

Participants set personal goals, build capacity in the enablers of financial success, and are encouraged to take action through an ecosystem of mechanisms ranging from weekly check ins to small prizes.

"We are getting some kind of strength from each other."

"Everyone seems to have a small piece of the puzzle."

"I realized that the 60 dollars a month I'm spending on coffee, I'm borrowing that from future me! "

"When I take care of my financial health, I'm actually taking care of my overall wellbeing."

## Enablers of Success

1. Goal setting
2. Problem solving
3. Understanding personal finance
4. Openness & collaboration with others
5. Commitment to learning & management
