Programs & Services

Thunder Bay Counselling works to strengthen and support people's quality of life through a variety of responsive programs and services. Services are client-centred and founded in the belief of self-determination and the potential of all people. We are guided by compassion, dignity, respect and by a desire to help change lives.

Services are voluntary and you are under no obligation to continue; however, we do appreciate you letting us know. It is typically beneficial to have a final session focused on the end of service and next steps.

Client Records

Everyone who has engaged in service and who has signed a Consent to Service, will have a client record. The content of this record belongs to you; however, TBC is the guardian of the record. There are policies that guide how you can access the content. It will include demographic information, summary notes from discussions with your counsellor, consents, service plans and closing notes. The information may be stored electronically or in print. Our data systems are confidential and access is limited to authorized personnel which may include researchers, accreditation reviewers, administrators or for the purpose of supervision and audit.

Appointments

We strongly encourage you to keep your scheduled appointment to ensure continuity of service. If you don't keep your appointment, your case may be closed or you may need to wait to resume service.

If you need to change or cancel your appointment, we ask that you contact us at least 24 hours in advance to make alternate arrangements.

Ethical Conduct

All staff, students and volunteers conduct themselves in a manner that maintains ethical integrity and accountability to protect the public from harm or potential harm.
