

# Language & Accessibility Support Quick Guide for Webinar

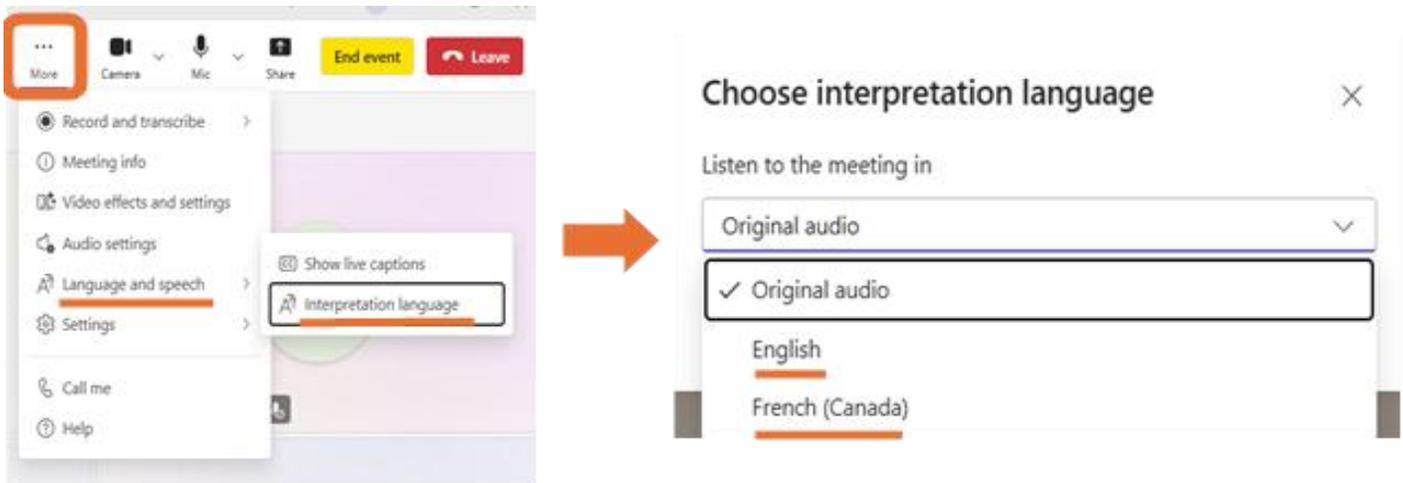

## Webinar with live interpretation: Choose you language

You can listen to this Webinar in English or French or Original audio.

Choose:

- **Original audio** if you are **bilingual** (to hear the speakers whether in English or French)
- **English** to hear the English Speakers directly and a live interpreter when French speakers are presenting

To find/change you are listening in, go to More > Language and speech > Interpretation language

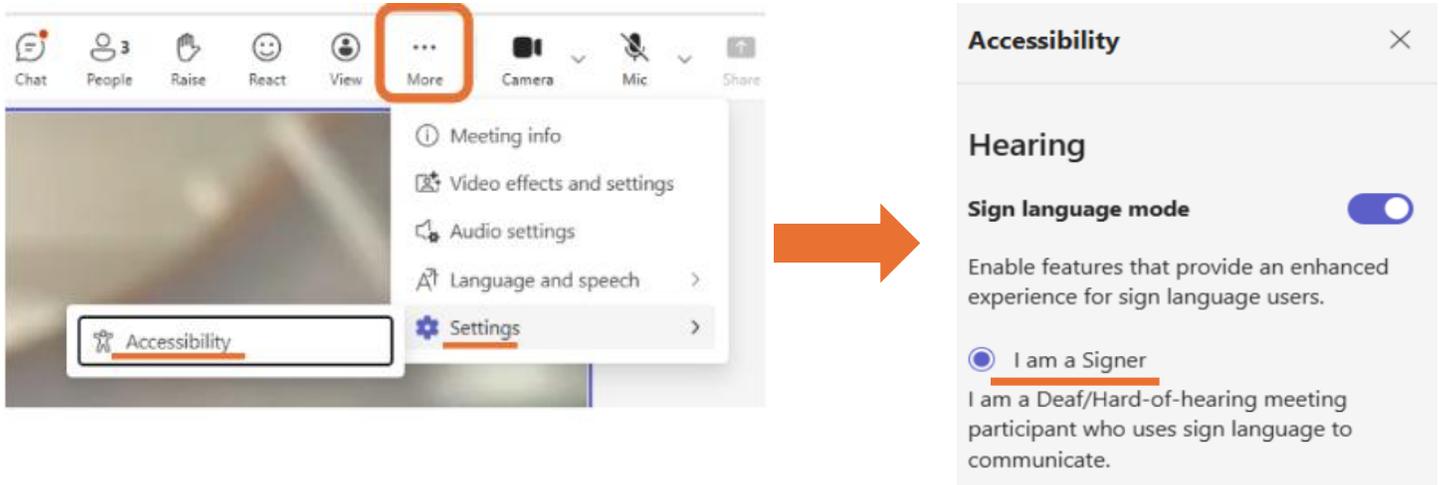

When selecting French or English, **if you see the “Balance volume” slider**, move it toward “More interpretation audio” and click “Confirm” to enhance your listening experience.

**Note:** This feature applies only to participants joining from the **desktop version of Microsoft Office**.

## For Sign Language Mode

Once you have been admitted, go to More > Settings > Accessibility to toggle “Sign Language Mode” ON and choose “I am a Signer”.

**IMPORTANT:** Go to View and select “Sign language” and the sign language interpreter(s) will automatically appear bigger on your screen.
